STUDENT VIDEO MONTAGE

Danielle Mar

College has always been a given for Danielle Mar. Even in elementary school, her parents pushed her to excel in her studies. As soon as report cards became available, her father would check her grades. Whenever Danielle had a school project, her mother encouraged her to submit exceptional work—before she knew what the word exceptional even meant.

It's through their encouragement that Danielle learned to have a passion for learning and campus involvement. After graduating from Cypress High School, Danielle made a conscious decision to be as active as possible at GWC. She frequently volunteered through clubs and joined multiple student government committees.

Danielle has been a key leader across GWC campus. She has served as Golden West College Student Council President, Fall 2020 to present, where she successfully garnered student participation throughout a pandemic.

She's also an active member of the Golden West College Finance Commission, served as the Alpha Gamma Sigma Honor's Society Secretary, Alpha Gamma Sigma Honor's Society Vice President, just to name a few.

According to GWC faculty, Danielle is someone who truly stands out. She was always committed, well prepared, focused and serious about learning. Her test scores and academic performance have reflected her bright mind and motivation for success.

Not afraid to offer an opinion or extend a question, Danielle is also an earnest and mature leader who took every opportunity to meaningfully contribute to classroom discussion and interface. Clearly possessing a high degree of emotional intelligence, she set a wonderful example of kindness, empathy and responsibility for her peers; she demonstrated this through authentic communication and by being someone who other students could go to.

Danielle is recognized as by her peers, faculty and staff as an exemplary individual who will continue to excel both in her studies and in life as she does everything earnestly and with gratitude.

Danielle plans to continue her studies of business administration at either Cal State Fullerton or USC. She would love to eventually manage her own team and lead/guide others to accomplish their goals.

Marina Beam

Marina has always been a leader, but it's the pandemic that has given her a new perspective when it comes to acts of service — knowing that it can be as simple as bringing a smile to someone's face.

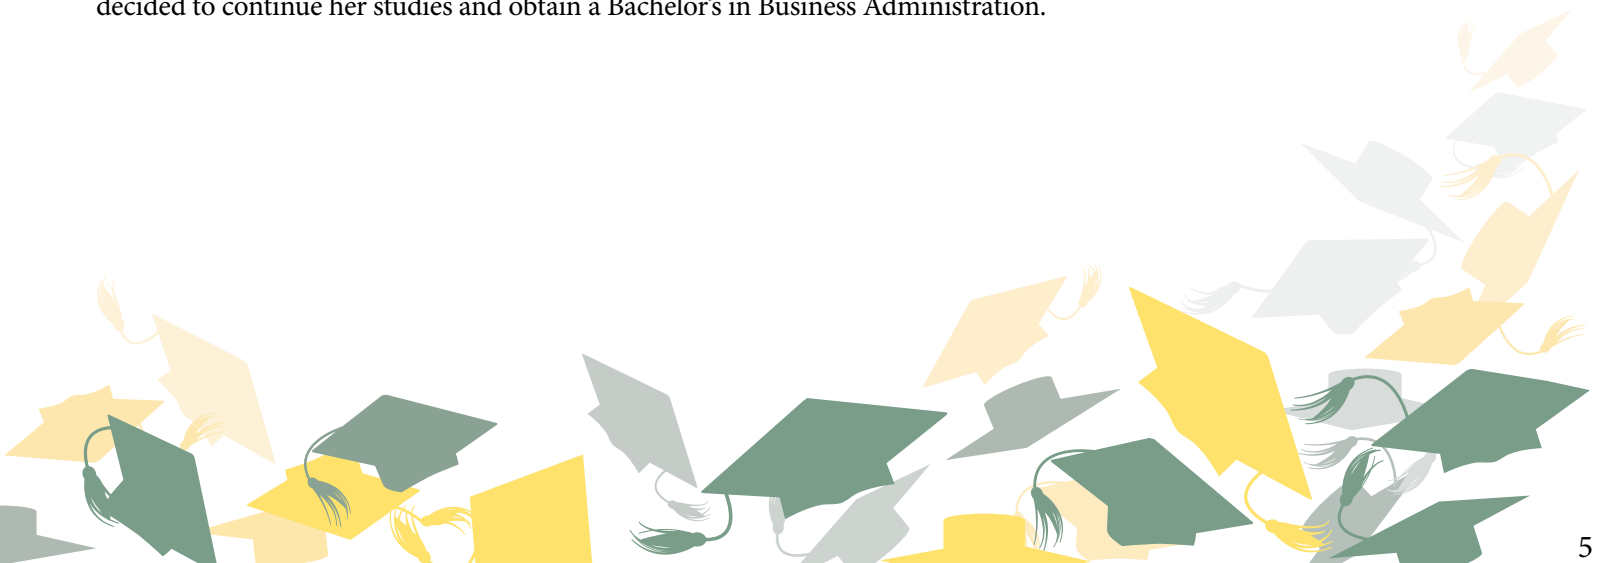

As the Alpha Gamma Sigma President for the Fall 2020 and Spring 2021 semester, she worked hard to find unconventional ways to create spaces for students to make meaningful connections. At virtual game nights, groups of students come together who might not have done so on campus. Through icebreakers facilitated at the beginning of meetings, she managed to form strong bonds with students that she's still never met in person.

Serving as Vice President of Public Relations on the Executive Student Council allowed Marina to advocate for students — not only communicating students' concerns to college leadership, but also educating students on various resources to help them succeed.

Through outreach events, Marina personally encouraged GWC students to become involved in their campus community. Since this had an important impact on her experience as a student, she wanted to inspire students to do the same. She also spoke to high school students in multiple recruitment events and to the community at large, as the guest host of GWC's Instagram Live show, "The Golden Hour."

Marina was at the forefront of using innovative solutions to overcome barriers in a virtual environment — always looking for new ways to facilitate online meetings and to brainstorm creative outreach tactics. Even as student engagement was low, she was always thinking outside the box to promote events and opportunities to students.

Marina says her valuable experience at GWC has reinforced her decision to pursue a career in business administration and marketing. By studying how the economy works and learning how to prepare financial statements in her business classes, she decided to continue her studies and obtain a Bachelor's in Business Administration.

SPECIAL THANKS TO

Reid Gibian, Videographer & Editor, Virtual Commencement Celebration

In the 12th and 13th centuries, when universities were under the jurisdiction of the church, students wore habits, or cloaks with hoods, which were designed to provide warmth in unheated buildings. The more colorful modern academic costume, worn more for its symbolism than for any practical purpose, originated at Oxford and Cambridge universities in England in the 1300s, and has been continuously in use in the United States since colonial days.

The mortarboard cap represents no particular degree or school, except that the short, gold tassel is worn only by holders of the doctoral degree. The tassel may be worn on either side of the cap, or wherever the wind places it! The gown itself is usually black for all holders of baccalaureate or higher degrees. Bachelor's and master's degree styles differ little, but doctoral gowns are faced with velvet panels down the front and velvet bars on the bell-shaped sleeves. Only the hood itself shows by its length and colors the distinctions among degrees, academic majors, and colleges or universities which conferred the degrees. The higher the degree, the longer the hood and the wider the velvet facing which outlines the hood: bachelor's, master's, and doctor's hoods are three feet, three and one-half feet, and four feet long, respectively. In addition, the velvet trim is two, three, or five inches wide (narrowing only around the neck) in the same order of degrees. The color of the velvet facing denotes the academic area in which the degree was awarded, as listed below. The colors of the satin lining in the hood are the school colors of the institution where the degree was awarded (e.g., University of California colors are blue and gold, and the University of Southern California's, maroon and gold). Only the doctor's hood also includes panels with narrow satin piping.

Velvet "Field" colors, which symbolize academic areas of study, are as follows:

Arts, Letters and Humanities	White
Business	Drab
Economics	Copper
Education	Light Blue
Engineering	Orange
Fine Arts and Architecture	Brown
Journalism	Crimson
Law	Purple
Library Science	Lemon
Music	Pink
Nursing	Apricot
Philosophy	Dark Blue
Physical Education	Sage Green
Science	Golden Yellow
Speech	Silver Gray
Theology	Scarlet

Golden West College cap and gown colors represent:

- Green – AA Degree
- Gold – Certificate of Achievement
- White – Nursing

Members of the following groups are represented with special stoles:

- Alpha Gamma Sigma Honor Society
- EOPS Program
- Puente Program
- Student-Athletes
- United States Veteran
