Approval of Agenda and Minutes:

Approval of the April 19, 2022, Agenda. COUN G116 was added under Curriculum Items. **Approved**.
Approval of the April 5, 2022, Minutes **Approved**.

Announcements:

Last CCI meeting for Spring 2022 is on May 17, 2022. Jennifer said that we will only be working to clear the agenda, so no new courses or programs will be considered on that agenda.
CCI will meet on campus starting Fall 2022. Meridith advised for the committee to secure a large enough meeting room as early as possible as room requests from other groups will also start coming in.

Approval of the Consent Items **Approved**.

Discussion Items:

1. Articulation Report (Jerry Castillo). One of the Calculus courses got approved for CID. SPAN 100/160 got approved conditionally. Updates on: AB 928, Ethnic Studies, and AB 1705. There have been questions about online labs and C-ID. If colleges modify the course outline to include a

distance education modality, be wary of possible impacts on articulation agreements with four-year institutions.

2. New program proposal: Chemistry Associate in Science Degree for Transfer (Jennifer Bailly). Cristian motioned to approve; Gary seconded; motion approved. Will come in next time for 1st reading.

3. CPL unit limitation
A maximum of 30 units may be granted in total for Credit for Prior Learning from one or more of the following: AP, CLEP, IB, industry certification and training, military training, student-created portfolios, or other experiential learning. A maximum of 50% of the major coursework – either units or number of courses - for any certificate or associate degree pattern may be awarded for credit for prior learning. Monica motioned to approve; John seconded; motion approved. **Approved.**

4. Retire remaining honors courses and COOP G100 from the suspension list. Sunshine motioned to approve; Amy seconded; motion approved. **Approved.**
